Experience

FRONT-END ENGINEERING STUDENT | THE IRON YARD ACADEMY | 9/2015 - 12/2015

- Participated in an immersive 12-week course to learn HTML5, CSS3, and JavaScript. I honed my skills over the course of some 30 projects, becoming proficient in popular frameworks including jQuery, AngularJS, and ReactJS.
- Worked on several group projects with Ruby on Rails and iOS developers.
- Final project: created *Wanderful*, an app utilizing the Google Maps API and Heroku. Users can create and view customized walking tours, allowing them to “become a local” wherever they are.

HISTORIC PRESERVATION DIVISION, GEORGIA DNR | 3/2009 - 9/2015

Started out as the Media & Communications Coordinator and was later promoted to Outreach Program Manager. I managed 4 employees and was responsible for much of the public face of the division.

Communications & Outreach coordination

- Webmaster, administrator of social media accounts
- Editor, designer, and occasional writer of email newsletter sent to over 4,000 recipients per month (via MailChimp).
- Wrote and edited press releases, publications, and articles. Collaborate with news media.
- Reviewed grant proposals for outreach projects.
- Assisted with the planning and execution of conferences, trainings, and events.
- Certified Local Government program coordinator

IT lead

- “First responder” for all IT issues, ranging from simple “break-fix” problems to office-wide outages.
- Frequent work with technicians from Dell, AT&T, and IBM on all issues that required outside assistance.
- Created training materials for staff on a variety of topics: software usage and installation, hardware usage.
- Oversaw major office-wide technology projects.

Photographer/graphic designer

- Architectural photographer for 85 National Register of Historic Places nominations.
- Public Affairs photography.
- Designed logos/graphics for numerous projects: events, websites, etc.

Chair, Georgia Centennial Farm Awards

- Managed program that honors farms that have been operating in Georgia for 100 years or longer.
- Visited 123 farms across the state and handled all aspects of the program, including the presentation of awards, logistics, and marketing.

GRADUATE RESEARCH ASSISTANT | GEORGIA STATE UNIVERSITY | 5/2008 – 12/2009

- Assisted a university professor with a video project documenting the history of metro Atlanta.

INTERN | FOX THEATRE INSTITUTE | 5/2008 – 9/2008

SHIFT MANAGER | SHARPER IMAGE | 9/2007 – 6/2008

QUALITY ASSURANCE INTERN | CADILLAC JACK, INC. | 5/2004 – 9/2007 (SUMMERS)

- Tested hardware and software platform to identify potential bugs and performance issues. Environment included Windows systems running Microsoft SQL server and Linux-based clients. Wrote simple queries to validate data in SQL database. Reported issues using Bugzilla.

VOLUNTEER AND TOUR GUIDE | HISTORIC OAKLAND CEMETERY | 12/2003 – PRESENT

- Give educational tours of the cemetery to paying groups.
- Work in the retail shop and visitors center, assist with special events.
- Provided assistance with website.

Education
